Very satisfied	23.64%	39
Satisfied	14.55%	24
Neither satisfied nor dissatisfied	31.52%	52
Dissatisfied	13.33%	22
Very dissatisfied	16.97%	28
TOTAL		165

I'd like to thank everyone who took the time to participate in this survey. Links to the survey were posted on QRZ.com , Amateur Radio related Facebook Groups, and on my Twitter feed.

The survey received 165 responses from April 19, 2022 thru May 10, 2022.

I believe the responses were overwhelmingly clear, hams want repeater coordinators to be responsive, proactive, efficient, accountable, fair and honest. I do believe many coordination organizations try to accomplish this, but many are also failing to perform these basic functions.

I hope these results are viewed and shared with all Amateur Radio Repeater Frequency Coordinators, so we all can do a better job serving the Amateur Radio community.

'If you can't stand the heat, get out of the kitchen'.
